

INTERNATIONAL BACCALAUREATE (IB) CREDIT

Webster University will award up to 32 credits for **International Baccalaureate (IB) Diploma and Certificate**. Webster University recognizes the academic course work completed in both the Diploma Programme and the Career-related Program for advanced standing credit. Credit is awarded as follows:

- Higher Level (HL) Subjects: 8 credits for each grade of 4 or higher
- Standard Level (SL) Subjects: 4 credits for each grade of 4 or higher

There are several acceptable formats for IB score results. A student may submit:

- Copies of the Original Diploma certified by a Webster University Admissions counselor
- Official score reports from IB sent to the student
- Official score reports from IB sent to Webster
- Score reports reported via the web, verified by Webster

Webster University faculty reviews the content of the IB courses to determine course equivalents. The following chart provides a list of IB exams considered for credit at Webster. A course will only be eligible for elective credit if indicated by a dash (-). Theory of knowledge, extended essay, and creativity, activity and service are not eligible for advanced standing credit.

Please note: If more than one course equivalency is listed, only the first will apply if subject taken at the standard level. Both equivalencies will apply if subject taken at the higher level.
