STUDY ABROAD COURSE DISCIPLINE CHART

This chart is meant to aid students and their advisors in identifying where different academic disciplines are offered on Webster study abroad programs. This chart is intended as a helpful tool, but as courses and schedules are subject to change from year to year, this should only be used as a general guide. This chart does not guarantee a campus or program will have specific courses at any point in time. It is only representative of courses that have been offered at some point in the past few years. For the most up-to-date information on study abroad course offerings, please contact your academic advisor and the Office of Study Abroad.

KEY

- GREEN indicates the major is offered in full.
- BLUE indicates some classes in the major are offered.
- YELLOW indicates non-major classes are offered (1000 or 2000 level equivalents).
